## CAMP TUCKAHO

### Lodge Units

All lodges have heat in the winter, electricity, a small kitchen with refrigerator and stove, outdoor fire pit and access to water both inside and outside the building.

| Unit Name    | Fee   | Capacity                         | Restroom Information       | Additional Information  |
|--------------|-------|----------------------------------|----------------------------|---|
| Boones Loft  | \$105 | Sleeps 32 on mattresses on floor | Indoor Restroom/Shower (3) | Has a fireplace   |
| Carver House | \$105 | Sleeps 22 on mattresses on floor | Indoor Restroom/Shower (3) | Has a fireplace  |
| Sacajawea    | \$105 | Sleeps 32 on mattresses on floor | Indoor Restroom            | Separate bedroom  |
| Tuck East    | \$105 | Sleeps 23 on mattresses on floor | Indoor Restroom            |   |
| Tuck West    | \$105 | Sleeps 23 on mattresses on floor | Indoor Restroom            |   |

### Cabin Units

Cabin units have cots and mattresses to sleep on, an environmental toilet in the unit, an outdoor fire pit for cooking, kitchen shelters with picnic tables and access to water from a frost-free water pump. There is no electricity in the cabin buildings. Cabin buildings sleep four to eight individuals, depending on the unit.

| Unit Name        | Fee  | Capacity  | Restroom Information  | Additional Information  |
|------------------|------|-----------|-----------------------|---|
| Frontier Village | \$70 | Sleeps 16 | Environmental Toilets | Log cabin-style unit  |
| Log Cabins       | \$70 | Sleeps 20 | Environmental Toilets | Log cabin-style unit  |
| Maple Grove      | \$70 | Sleeps 16 | Environmental Toilets | Tree house-style unit   |
| Tree Houses      | \$70 | Sleeps 20 | Environmental Toilets | 1 accessible Tree house-style unit, electrical outlet  |

### Yurt Units

A Yurt consists of a spacious structure with wood floor, canvas sides and roof and four bunk beds with mattresses inside. There are fans and low-voltage lighting in the yurts. Campers use an environmental toilet in the unit, outdoor fire pit for cooking, kitchen shelters with picnic tables and access to water from a frost-free water pump. Yurt structures sleep eight individuals to a yurt.

| Unit Name        | Fee  | Capacity  | Restroom Information  | Additional Information         |
|------------------|------|-----------|-----------------------|--------------------------------|
| Sunflower Meadow | \$70 | Sleeps 16 | Environmental Toilets | All yurts have fans and lights |
| The Village      | \$70 | Sleeps 16 | Environmental Toilets | All yurts have fans and lights |

### Tent Units

Tent units consist of a spacious structure with a hard-shingled roof, wood floor, canvas sides and four cots with mattresses inside. There is no electricity in the tent structures. Campers use an environmental toilet in the unit, an outdoor fire pit for cooking, kitchen shelters with picnic tables and access to water from a frost-free water pump. Tent structures sleep four to a tent.

| Unit Name       | Fee  | Capacity  | Restroom Information  | Additional Information |
|-----------------|------|-----------|-----------------------|------------------------|
| Dogwood Dell    | \$80 | Sleeps 40 | Environmental Toilets |                        |
| Merry Oaks      | \$80 | Sleeps 20 | Environmental Toilets |                        |
| Persimmon Patch | \$80 | Sleeps 40 | Environmental Toilets |                        |
| Raccoon Ridge   | \$80 | Sleeps 40 | Environmental Toilets |                        |

### Primitive Camping Units

Like to pitch your own tent? How about sleep in a hammock in the trees? Try a primitive camping unit. All primitive camping units have use of an Environmental Toilet or latrine, a kitchen shelter with picnic tables, outdoor fire pit and access to water from a frost-free water pump. The fee for a primitive campsite is \$35. Troops can use their own equipment or reserve equipment on site. Reserve in advance.

| Unit Name    | Fee  | Capacity  | Restroom Information  | Additional Information |
|--------------|------|-----------|-----------------------|------------------------|
| Hickory Lane | \$35 | Sleeps 18 | Environmental Toilets | Hammocks are available |
| Mystery Pond | \$35 | Sleeps 18 | Environmental Toilets | Two tables             |

### Conestoga Wagon Units

A Conestoga wagon is a covered wagon used for transportation during the late 18th and early 19th centuries in the United States. Our replica Conestoga wagons consist of a wood floor, canvas sides and roof and four cots with mattresses inside. While the structures are built on wheels, the units are anchored to the ground and will not move from their resting places. There is no electricity in these structures. Campers use an environmental toilet in the unit, outdoor fire pit for cooking, kitchen shelters with picnic tables and access to water from a frost-free water pump. Each covered wagon structure sleeps four.

| Unit Name         | Fee  | Capacity  | Restroom Information  | Additional Information |
|-------------------|------|-----------|-----------------------|------------------------|
| Covered Wagons    | \$60 | Sleeps 16 | Environmental Toilets |                        |
| Prairie Schooners | \$60 | Sleeps 20 | Environmental Toilets |                        |

### Day Outing Areas

Want to go out to camp just for the day? Try a Day Outing area. Day Outing shelters have access to a restroom, a kitchen shelter with picnic tables, outdoor fire pit and access to water from a frost-free water pump. Reservations for Day Outings are free for Girl Scout Daisy troops and \$15 for all other troops. Need more information?
