

New Max Capacity for Group Gatherings

Our Council spans many counties with ever-changing COVID-related decisions. We have adopted a stepped and unified approach to guide a safe transition to in-person gatherings.

This week, the Council moved to allow for in-person Girl Scout gatherings of up to 20 individuals beginning Thursday, September 3, 2020. On Wednesday, September 2, the [COVID-19 Response Guidelines](#) will be updated to reflect this change, as well as provide details on any Council programs or camp units that may have a capacity of less than 20 due to vendor or spacing needs.

We value our volunteers and know that providing great resources is key to their success in Girl Scouts. We are providing our volunteers new tools, like Zoom, to help ensure everyone has the best year yet! We're preparing licenses for all our Troop Leaders to make leading their troop in the 21st-century easier than ever. Volunteers will be emailed instructions on how to claim their Zoom license for their troop today.

We are grateful for your support! Should you need any assistance, please contact our Answer Center at 314.400.4600 or answercenter@girlscoutsem.org.
